Superintendent's Newsletter

Dr. Wayne F. Gersen

In the next six weeks, the Board of Directors of S.A.D. 44, the public in S.A.D. 44, and the State of Education will make a series of decisions that will determine if the public in S.A.D. 44 will have an opportunity to hold a referendum on the replacement of Woodstock Elementary School with a new, energy efficient school building.

The first issue, which requires action by both the local Board and State Board, is the approval of a site for the new school. At this point the S.A.D. 44 Board has secured an option on a seven to eight acre property lot on Rumford Avenue, Woodstock, owned by Cleo Keros. With dry, flat land at a premium in the Bryant Pond area, this site represents the best option available to the district for the construction of a new elementary school. Located a mile from Route 26, the site has sufficient land to provide for a 15,000 square foot school building, parking and play areas. At their meeting on June 7, the Board of Directors of S.A.D. 44 will officially approve the selection of this site, and then, on Wednesday, June 9, the State Board will take action on the site. Following these site approvals, S.A.D. 44 will conduct a public hearing on the architect's concept development for the new Woodstock School. At these hearings, which are tentatively scheduled for the week of June 21, Phil Rea, Architect for S.A.D. 44, will pre-

Voting in Primary Election at
Fire Station, Tuesday, June 8

Next Tuesday, June 8, is Primary Election Day. The polls will be open at the Bethel Fire Station from 10 a. m. until 8 p. m. The Registrar of Voters will be at the polling place all day to accept new registrations and enrollments and to correct the list of voters. Only registered and enrolled voters may vote in any Primary Election. Registered voters who are not enrolled in the Democratic or Republican parties may enroll with the Registrar on Election Day at the polling place. Voters who are presently enrolled in a party may switch parties at any time, but switching parties less than three months prior to a Primary Election forfeits the voter's right to cast a ballot in that Primary Election. (See specimen ballots, Page Three.)

The Maine Wastewater Control Association has designated this week as Clean Water Week and urges residents to visit their local wastewater facility to learn more about the treatment process and to tour the plant. Bethel's Treatment Plant will be open for tours the week of June 7 through 11, from 8 a. m. to 3:30 p. m. Plant Supervisor David Bartlett will be available to show people around and answer questions. Dr. Wayne Gersen, S.A.D. 44 Superintendent of Schools, offered remarks to the graduates and guests, and Rev. Norman Rust of the First Congregational Church in Andover and the West Bethel Union Church gave the invocation and benediction. Adult and Community Ed. Director Cathy Novell introduced the speakers, and the teachers from the Adult and Community Education program, Tim Barsey, Anni Holt and Ted Davis, who presented book awards to the graduates. Ms. Holt recognized students who are participating in the adult diploma program who have not yet completed graduation requirements.

Mrs. Novell presented a Community Service Award to the Bethel Library Association for support of adult and community education. Many courses have been offered at the library and the librarians including Virginia Keniston who accepted the award, have been especially supportive of adult literacy students.

Following the graduation ceremony, a reception was held for the graduates and their families.

BETHEL OUTING CLUB MEETS

The Bethel Outing Club met in its regular meeting Tuesday evening at the home of Gene and Ginger Kelly. Members finalized the club's activity schedule through August. Some possible activities for the Fall were discussed: a whale viewing trip, a third mountain hike, trail and jump maintenance, roller ski races, a third canoe trip, and family indoor swims. The recent indoor swim was judged by all as a tremendous success that should be scheduled more frequently.

NEW PLAYGROUND
EQUIPMENT AT WEST BETHEL
CHILDREN'S CENTER

Al Saunders, talented carpenter and stone mason from Bryant Pond recently completed construction on sturdy innovative equipment designed for young children at the West Bethel Children's Center.

Al built a suspension bridge with swings, a climb and play house, a two level balance beam, climbing posts, three swings for the cedar post set, a see-saw, a tire swing, a fire tunnel, and he banked up the sandbox with railroad ties, and built a porch with grate for the side door entrance. Children are thoroughly enjoying the new equipment, which weather permitting gets a lot of use each day.

Playground planning, construction has been in the works for the past two years. Thank you go out to all who made it possible. Donations were received from Western Maine Supply Co., Bethel Furni-

ture Stock, Ray Pinette, George Crockett, Chris Larson, Al Lovejoy, Leroy Patten, and the Parent Groups from '80-'81 and '81-'82 years.

Thanks also to the efforts of the hard-working staff: Tyrene Lovejoy, Joyce Crockett, and Lorraine Redman-Hall.

Children's Center hopes to keep all the equipment in good condition for many years to come for the Head Start and Day Care children. The Center is limiting the use of the equipment to children who are enrolled in their programs. Due to damage done on the playground by older children last year and this spring the Center has had to make the decision to limit use. It is impossible for the staff to supervise the playground after school hours so they ask neighborhood parents and adults who use the softball field this summer to please take note of the new policy. The Center children will appreciate your cooperation!

NEW PLAYGROUND
EQUIPMENT AT WEST BETHEL
CHILDREN'S CENTER

Al Saunders, talented carpenter and stone mason from Bryant Pond recently completed construction on sturdy innovative equipment designed for young children at the West Bethel Children's Center.

Al built a suspension bridge with swings, a climb and play house, a two level balance beam, climbing posts, three swings for the cedar post set, a see-saw, a tire swing, a fire tunnel, and he banked up the sandbox with railroad ties, and built a porch with grate for the side door entrance. Children are thoroughly enjoying the new equipment, which weather permitting gets a lot of use each day.

Playground planning, construction has been in the works for the past two years. Thank you go out to all who made it possible. Donations were received from Western Maine Supply Co., Bethel Furni-

ture Stock, Ray Pinette, George Crockett, Chris Larson, Al Lovejoy, Leroy Patten, and the Parent Groups from '80-'81 and '81-'82 years.

Thanks also to the efforts of the hard-working staff: Tyrene Lovejoy, Joyce Crockett, and Lorraine Redman-Hall.

Children's Center hopes to keep all the equipment in good condition for many years to come for the Head Start and Day Care children. The Center is limiting the use of the equipment to children who are enrolled in their programs. Due to damage done on the playground by older children last year and this spring the Center has had to make the decision to limit use. It is impossible for the staff to supervise the playground after school hours so they ask neighborhood parents and adults who use the softball field this summer to please take note of the new policy. The Center children will appreciate your cooperation!

Anna has a quiet sense of independence and individuality and does not hesitate to follow her own instincts. She is positive, dependable and likeable. She is a resident of Bryant Pond, the daughter of Philip and Marcia Infiorati.

Jill O'Donnell has received acceptance to Springfield College, Springfield, Mass., where she will pursue her interest in the sports field in athletic training. This is a gloomy, dreary day as I jot down a few items, but there is very much traffic on the road, including boats, trailers and what-ever. Me, I am waiting for three loaves of bread to come from the oven so I can sneak a snack.

Our animal family has increased immensely in the past three days. We have 11 ducklings and 12 chickens. The mother duck took her babies to the swimming pool the first day and they survived. Should have some good eating this fall. Thursday as we were having a snack, Joe Vatcher spied a rabbit in our driveway nearly up to the house. It was brownish so it did need a second look to be sure what it was. The dogs would have liked it.

Mr. and Mrs. Joe Reidy of Tyngsboro, Mass., were at their trailer for the long week end. Several members of their family were with them. When they came it always rains or tries to rain, so they need a fine inside.

NORTHERN LIGHTS SINGERS TO ENTERTAIN SUN., JUNE 6 AT METHODIST CHURCH

A parish supper is planned at the Bethel United Methodist Church for Sunday, June 6, beginning at 5 p. m. Families and friends of the church are invited to attend. If not solicited, please bring a hot dish or salad. This is also Recognition Sunday and all workers in the church will be recognized for their contributions throughout the year. Following the supper a special program will be presented by the Northern Lights Singers of Bryant Pond.

MEMORIAL DAY OBSERVED BY MEMBERS OF JACKSON-SILVER POST & UNIT

Memorial Day 1982 was a busy one for the members of Jackson-Silver Post and Unit #68, Locke Mills.

Commander Charlie Mason is hospitalized at Togus and was unable to be present, but his family carried on in a way that would have made him proud and happy. His daughter, Miss Melissa, led the parade riding on her Palomino, and Miss Poppy, Jennifer Lynn Mason, his granddaughter, marched with President Sylvia Dunham and Past Commander Eldon Bartlett, who filled in for Commander Mason.

In spite of the fog and mist the Telstar marching band, directed by Jerry Heffley, was on hand at 9 a. m. to play for the marching. They stopped at the Honor Roll for the prayer by Chaplain Cleveland Lovejoy; the Poppy Award presentations by Chairman Vera Cross; band music and the laying of the wreath by President Sylvia Dunham. World War I veteran Alanson Cummings escorted Chaplain Fannie Cummings to the bridge to drop a spray on the water for the men lost at sea.

Steve Seames gave a short history of the Common and made note of the live Christmas tree that has been donated to the town. State Historian of the American Legion Auxiliary, Jeri Brooks, of Bethel, gave the fine Memorial Day address.

In the line of march were the Daughters of Union Veterans, Bryant Pond, with their colorful American flags; Boy Scouts, Cub Scouts and Brownies; veterans of four wars, and many children, with their small flags. Coffee and a light lunch was served at Steve Seames'.

Some members went to East Bethel for a brief ceremony, and then to Bethel to participate in their parade.

In the afternoon it was Bryant Pond and on to Andover for the 3 p. m. parade.

The American Legion is grateful to those who gave up other activities to help in this all-important event, that is a fine example to the youngsters.

RECEIVES ALGERNON SYDNEY SULLIVAN AWARD—John Harrison Hindman, a 1976 graduate of Telstar Regional High School, received the Algernon Sydney Sullivan Award during Randolph Macon College annual honors convocation on April 8, in Ashland, Va. The Sullivan Award is presented for outstanding service to the college community.

Hindman, a religious studies major, is Coordinator of Amnesty International, a member of Hope (a racial awareness group), The Hunger Task Force, The Worship Council, Volunteers in Action, and a member of the Nuclear Freeze Committee. John also works with the Religious Life Department on campus.

The Algernon Sydney Sullivan Awards were established by the New York Southern Society in 1926. The awards are reminders of the human qualities expressed in the lives of Mary Mildred and Algernon Sydney Sullivan and are presented "in the belief that the highest satisfaction is attained through service to others."

After a forthcoming visit with relatives in Maine, John and Sherry Hindman are scheduled to report to India where John will continue his religious studies. (Sherry Hindman is the former Sherry Roberts of Bryant Pond.) John is the son of Connie Hindman of Bethel.

sent the public with floor plans and renderings of the proposed school. A straw vote will also be taken. Announcements detailing these public hearings will appear in the "Bethel Citizen" and other area newspapers. Once the hearings are completed, the school district will present a concept design to the State Board of Education for their approval in July. If the State Board approves S.A.D. 44's concept, a referendum will be scheduled within four months of the approval to gain local funding approval for the building project.

The development of a rationale for replacing the three story wood frame Woodstock Elementary School with a new single story, energy efficient building has been developed over the past two years. The decisions in the next six weeks will determine if S.A.D. 44 will be able to make significant and substantial improvements in its physical plant. Please share your thoughts on this project with your Board members, and make an effort to attend the public hearings in the weeks ahead.

sludge for soil fertilization. In early July, after harvesting the first hay crop, a program of disposing of sludge produced at the Bethel Wastewater Treatment Plant will commence. Up to 40,000 gallons of sludge will be spread on agricultural crop land this year under a program developed by the Maine Department of Environmental Protection.

After careful surveying and extensive testing two Bethel sites received DEP certification early this year to receive the sludge. A 15 acre pasture on the John Coolidge farm and a small two acre section of the Town Farm met all standards and statutory criteria for approval. Last week an agreement was signed between the Town and Mr. Coolidge that states the procedures to be followed when spreading sludge and references safety precautions and testing requirements. Currently bids are being solicited from potential local haulers.

The implementation of this program enables Bethel to exceed by three years the goal established in a 1972 amendment to the Federal Water Pollution Control Act of "zero" discharge of pollutants into navigable waters by 1985. Bethel will be joining a handful of the largest communities in the state using sludge for agricultural and environmental benefit. Demand for sludge at one of these sites last year was so high that the price of treated material reached \$3 a cubic yard. Presently, our town entertains no plans to charge for sludge. However, some questions remain concerning the potential for human health problems and odor.

Sludge is largely biological material produced during the treatment of sewage wastewater while odor generation is usually the result of rapid decomposition of organic matter. As it is treated, wastewater passes through sedimentation tanks to allow solids, called sludge, to settle out. Sludge then undergoes additional treatment that stabilizes it to control its decomposition and reduces disease-causing organisms.

For our protection, the sludge will undergo additional chemical treatment on the land spreading sites. Lime will be mixed with the material to further stabilize it and kill more pathogens. In addition, fields in this program are dedicated to producing hay and silage corn for farm animals; no crops for human consumption will be harvested on these sites. Prop-

er treatment and application are expected to neutralize odor-causing problems.

Residents desiring further information should contact David Bartlett at the Bethel Waste Treatment Plant or by phone, 824-2105. Landowners interested in sludge utilization for soil reclamation or fertilization purposes should call Gary Nault or Mary Bradford on a toll free DEP telephone line 1-800-452-1942 for details.

The Board of Selectmen will hold their next meeting on Monday, June 7, in the Bethel Savings Bank meeting room to review bids for the motor grader.

The quality of the talent displayed was exceptional! From painting to pottery, weaving to string-painting, papier-mache "sculpture" and dancing, the program was not just a success—it was an astounding triumph for everyone who participated. Parents were impressed and proud, teachers were pleased and I hope gratified, and students were rightfully pleased with their efforts. If there was a long face there, I didn't see it!

We were all delighted by the spirit of the evening, with the children doing varieties of dance, and musical offerings by such heretofore unknowns as Dr. Wayne Gersen, who, it turns out, plays a rather good guitar and SINGS! (on key!) And we were also treated to a display of "old fashioned" (i.e. bluebug) dancing by Mr. and Mrs. Tracy.

Everyone deserves a big vote of thanks for the effort and enthusiasm that made that evening so terrific. But no one deserves mention more than Mrs. Pam Berry, Woodstock's fifth grade teacher, who organized the event and whose artistic skills gave a very professional flavor to the whole production. Thank you, Mrs. Berry. Several of the parents have asked me to be sure you know how grateful we are to you.

When the School Board found it necessary to eliminate an art teacher for the district many of us were quite apprehensive about the depth and scope of our children's educational opportunity.

To the Editor:

Last week at the Woodstock Elementary School there was an Arts Festival (and end of the year program) of which the residents of Woodstock can be very proud! The quality of the talent displayed was exceptional! To the Editor:

I have, it is indeed true, that I have relinquished my "Independent" status and have enrolled in the Republican Party. I did so, without reservation, so that I can cast my vote for Sherry Huber, Republican candidate for Governor.

I urge other Independents who are sitting on the fence to think about the issues facing our State and then look at Sherry Huber's reactions to these issues. At the end of the three month party enrollment requirement, I will return to my comfortable fence-sitting position.

And we're especially grateful that our teachers have made a special effort to keep an emphasis on the arts alive! I'm very proud of our Woodstock school, its teachers, and its students! And I know many other parents are equally pleased!

Sent in by Eva Yates:
A dark dreary, yes miserable
holiday week end. We do need the
rain, although we have got only
a little bit but that will help. The
Go Shoes have been on the go, not
on the hook lately. I hate to say
sometimes I feel old—it can't be
my age. Let's see where all have
I been—the weather has not been
that nice this past week. Wednes-
day two cousins Elvira and Mar-
tha Birney came and we joined
them and went to Union N. H., to
visit another cousin Arthur Ed-
wards and wife for a picnic dinner
and Mrs. Edwards donated the de-
licious custard pie. Evelyn's Uncle
Fred was my Uncle Fred too and
our Uncle Fred was the Birney
girls' Dad. Thursday I went to
Norway, Friday to West Paris to
the cemetery to decorate the
graves, and Saturday to dinner in
Bethel, but I guess no place since.
Viva Whitman returned home
Tuesday after spending the past
week with her mother and broth-
er, Joe Yates.

Callers at Joe and Eva's were
Mr. and Mrs. B. Yates and Ver-

na Swan Tuesday, also Laura
Hutchins was a caller.

Viva Whitman went to Lewiston
with Laura Hutchins one day this
week.

Peggy Blake was in Norway
Tuesday p. m. on business. Bar-
bara Yates and Peggy Blake at-
tended a housewares party at
Pamela Taylor's one evening.

A pleasant surprise on Wednes-
day was a phone call saying Law-
rence and Grace Yates had ar-
rived home from their winter trip
in Florida.

Barbara Stevens was a doorway
caller at Peggy Blake's one eve-
ning.

Mr. and Mrs. Armas Wauri of
East Oxford visited Russell Yates
on Thursday afternoon.

Eva Yates visited her son, Law-
rence and family Thursday p. m.
They have just returned from a
winter's trucking in Florida.

Peggy Blake was in South Paris
to get her car that had just made
a visit to the auto doctor, but it
has to go back this week.

Peggy Blake with granddaugh-
ters Lorna Carter and Mr. and
Mrs. Cameron Taylor and baby,
Stephen, spent the holiday week
end at Lake Thompson with Mr.
and Mrs. Bernard White.

Viva Whitman, Norway, Mr. and
Mrs. Michael Wolf of Lewiston
were dinner guests of Russell and
Eva Yates on Memorial Day.

Rob Bean called on Joe Yates
one day last week.

BETHEL SAVINGS BANK
ANNUAL MEETING

continued from Page One
E. Searles, William F. Winslow of Harrison, and William H. Gibson, Hugo A. Heikkinen, Kenneth Poland of West Paris.

Membership to the Board of Trustees was set at eight for the ensuing year with the present incumbents to continue to serve—Norris T. Brown, Gordon M. Gillies, Philip C. Jackson, Ronald C. Kendall, E. Louise Lincoln, John W. Trainward, Edmond J. Vachon and Stephen W. Wight.

The banquet that followed the business meeting was served to the largest number of delegates and guests from Bethel, Harrison and West Paris, where the Bank maintains offices, ever to attend such an event.

The program that followed featured James "Jim" Delamater, President of the Bank, who prefaced his remarks by introducing each member of his organization to the audience. He praised them highly for their effort and dedication in realizing for the Bank one of the most productive years in its history. This is in direct contrast to the financial difficulties experienced by the vast majority of thrift institutions in the country which sustained serious losses over the past several months due to unfavorable economic conditions.

The President outlined the continuing and added new services of the Bank which in large measure contributed to the successful year and emphasized that the future will enlarge on these as legislation enables banking institutions to expand service offerings. On this point, he emphasized the primary objective of the bank is to provide service in all areas of financial planning and daily needs and reminded his audience that they are the bank. As for the future, he expressed confidence in a continued independent operation which can be accomplished by a flexibility to adapt to changing times and conditions, and by the cooperation of all involved to that end.

On a lighter vein, the audience was then treated to the music and humorous anecdotes of Joe Perham whose very special gift of personifying neighbors, relatives, friends and acquaintances in special situations and events provided an entertaining conclusion to the evening. The setting to Joe's stories identified his subjects and the settings were well known to everyone present which added to the hilarity of the incident. It was a fitting conclusion to an evening of serious business, good food, sociability and entertainment.

Following the annual meeting of Corporators, the Trustees elected
